OLD SCHOOL CV

I entered the crypto space in 2014, transitioning from just trading to designing financial strategies and ecosystems. Now focused on integrating visionary Web3 prototypes into token investment opportunities. Genuinely passionate about central banking history and broad monetary economics. Founder of the brand Cryptohelvetia.

EXPERIENCE

SOLOPRENEUR *02/2016 - Current*

Cryptohelvetia, Lugano, CH

- Execute trades on more than ten crypto exchanges.
- Portfolio diversification across risk profiles, high- and low-cap assets.
- Delivered educational webinars and workshops on crypto trading.
- Collaborated with legal teams on the design of a blockchain-focused investment fund.
- Designed a web app to detect volume spikes across multiple timeframes (2017–2018).
- Vibe coding software prototypes for CH Labs' early-stage offerings

STARTUP FOUNDER *03/2021 - Current*

Dadaville, Torino - Ticino - Venezia, Italia

- Cultural and financial framework to help owners sell and reactivate historic estates via real-world asset tokenization.
- Vision guided by aesthetic minimalism, territorial ethics, and the Dadaist avant-garde.
- Dual-token model (security & utility) supporting art legacy, territorial stewardship, and textile innovation.
- Experimental DAO-based events for avant-garde networking (Dada21).

FINTECH JOURNALIST *05/2021 - Current*

Ticinolive.ch, Lugano, CH

- Authored articles on cryptocurrency, CBDCs, and DeFi.
- I researched and analyzed the banking implications of digital assets.
- Explored derivatives in crypto markets to provide insights for trading.

PRIVATE LESSONS *01/2020 - Current*

Superprof, Milano, IT

- 1-hour meetings with new retail, beginner, and intermediate-level individuals.
- Served over 30 clients with different needs over 5 years.

FINTECH CONSULTANT *02/2018 - 01/2021*

Regeneration Italia, Milano, IT

- Finance Team member, coauthor of the business plan and pitches.
- Co-designed token-based microtasking and the financial vision of the Network.
- Pitched to CV Labs' Ralf Kubli in 2020 as part of an early validation process.
- Developed an interactive map showing blockchain reports about ESG for presentations.

SKILLS

- Crypto portfolio management
- Real estate tokenization
- Market research and analysis
- Teaching and client education
- Creative videomaking
- Nutrition and wellness guidance
- Performing arts expertise
- Mindfulness practice
